## LAFAYETTE

The Centralized Schools of Lafay-  
ette have received a jolt which will  
jar them out of existence for a while,  
unless Mr. Voter come to the res-  
cue—and all because of the new school  
law which affects the carrying on of  
the schools here for another year.  
The old law allowed a levy of five  
mills for school purposes, with an ad-  
ditional one mill, which passed the vote  
of the people two years ago. Under the  
new law, the school is allowed only 3  
mills and one extra mill for tuition  
funds, this being wholly outside the  
Smith 1 per cent Law. However, a  
provision is attached to this new law  
which means, that in twps., where-  
ever the four mills is found inadequate  
to meet the school expense, an addi-  
tional three mills for five years, will  
be granted for school purposes, sub-  
ject to the vote of the people, and it  
must be voted upon in the year 1929 in  
order to provide funds for the last  
half of the school year. This will mean  
a total of seven mills tax on your prop-  
erty, instead of six mill tax, which  
we have been paying for the past two  
years. The one mill voted on then, not  
counted at all.

Figure it out yourself, Mr. Voter,  
The tuition fund calls for \$3,650, the  
contingent fund for \$11,200 making  
a total of \$14,850 needed to run the  
Lafayette schools for the coming year.  
Allowing two million dollars for tax-  
able property in the twp. the seven  
mill levy will just about even things  
up. The Board at a special meeting  
Saturday night adopted this plan  
viz the people of the twp. will be asked  
to vote upon the three mill levy at  
the August primaries. If this vote  
carries, the schools will continue for  
the full term. If it does not carry, the  
schools will run only as long as the  
money holds out which will be about  
four months. Such is the situation as  
plain as we can put it. The schools  
have been run just as economically as  
is possible, and it is only the ever-in-  
creasing high cost of living that calls  
for such a step. Teachers salaries al-  
one, have increased a little less than  
50 per cent over the salaries of last  
year, other budget items accordingly  
Far from being exceptional, the situa-  
tion is typical of what five other twps.  
have had to face, and it should be so  
understood by every voter, whether he  
has a child to educate or not. Your  
vote men will decide the question  
whether Lafayette schools will close at  
Christmas, or will run for the  
entire year and about 200 boys and  
girls of the twp. are anxious await-  
ing your decision.

Mr. and Mrs. W. O. Heing and daugh-  
ter, Mildred and Mr. John White

was the happy gathering of the Ja-

te the 58th wedding anniversary of  
Mr. and Mrs. Hartman. A most enjoy-  
able time was had with all but one of  
the ten children and their families be-  
ing present. The son Frank, whose  
home is in California could not be at  
the reunion.

the Judd and Warren Hartman fami-  
lies and the Wertz families from Cleve-  
land and Lakeside together with Dr.  
Geo. Hartman and wife of Muskegon  
Mich., were entertained over Sunday  
at the Harry Wideman, Rube Hart-  
man and Chas. Winters homes.

Mrs. John Reed and daughter Eliza  
and Mrs. Melvin Reed took supper at  
the home of Mrs. Hattie Strong of Se-  
ville, Thursday enjoying the hospi-  
tial hour together as only old  
friends can.

Mr. and Mrs. Frank Lance with  
the Clyde Wertz family and the Louise  
Lance family met at the home of Mr.  
and Mrs. Delvin Seeley of Mallet Creek  
for the Monday holiday.

Flower lovers, every season admire  
the lovely maze of roses belonging to  
Mrs. Cynthia Strove, but a misunder-  
standing regarding the flowers occur-  
ed two Sunday's ago, which Mrs.  
Strove's home and asked her to sell her  
some roses and Mrs. Strove's reply  
was that she never sold her roses and  
she turned to get her shears to cut a  
few for the girl but the young lady  
misunderstood and turned away with-

out the roses. So, if the young lady  
should ever see this in print, she will  
know that she will gladden an old  
lady's heart very much if she will call  
again and accept a generous bouquet  
of the flowers. Mrs. Strove never sells  
her roses, but takes pleasure in shar-  
ing them, freely, as long as they last.  
Mr. Elvin Reece of Cleveland join-  
ed his family, who have been visit-  
ing at the Stackhouse home for over  
the week-end all returning to their  
home in Cleveland on Monday.

Mr. and Mrs. Melvin Reed were very  
pleased to receive the news of a new  
grandson in the home of Ellis Reed  
and wife of Cleveland, recently.

Lightning struck the house on the  
Eli Reed farm last Friday night. The  
stroke came down near the chimney,  
tearing up things back of the cook-  
stove besides damaging the linoleum  
on the floor. Aside from being nearly  
scared to death, Mrs. Reed says that  
no further damage was done.

Mrs. Clyde Wertz and wife of Cleve-  
land visited Sunday at the home of L.  
J. Shaw and wife, Mrs. Shaw also en-  
tertained her brother Charles Cool-  
man and family of Akron over Monday  
Florence Shaw going back with them  
for a week's visit.

Reynolds down also on the Bagley and  
a part of the Friendsville Roads held  
a meeting at S. J. Vanasdale's Tues-  
day night for the purpose of buy-  
ing a threshing outfit.

Mrs. Harry Adams received the sad  
news of the death of her sister Mrs.  
Ellis Whose home was in Perryville  
and on Sunday Mr. and Mrs. Adams  
with the two Ellis boys who have been  
making their home with their aunt  
during their mother's illness went to  
Perryville to be present at the sad  
rites of her sister's funeral. Mrs. El-  
lis has suffered intense pain for mon-  
ths with no hope of recovery until the  
end came to relieve her last Sunday  
morning.

Miss Laura Hannon of Cleveland is  
spending the week-end with Mrs. Will  
Maytham.

tman accompanied Mr. and Mrs. Blake  
Lance to the Leon Wightman home  
for over Sunday.

Mr. Ralph Looney of Cleveland was  
a guest at the Ballash home for over  
the fifth.

From all reports, many of us who  
remained at home canning cherries  
even with sugar soaring into the up-  
per ethers, were as well off as those  
who were in the big lake mob on last  
Monday.

Bert Carter and family of Detroit  
spent Sunday afternoon at his sisters  
Mrs. Leon Wightman. The Carter fam-  
ily expects to spend some time visit-

## How They're Made THE SECRET OF THE SAVINGS TO YOU

So many people ask us why it is that we can  
sell Clothcraft Clothes at such moderate  
prices while other clothes seem so much high-  
er in price.

Our first answer is, "They do not cost us as  
much." but there is a better reason than that.  
The fabrics cost practically the same but  
Clothcraft Clothes, being made in such enor-  
mous quantities by scientific methods, cost  
much less per suit.

Nickels and Dimes Built the Tallest Building in the World.  
Five and ten cent sales of merchandise made a fortune of  
\$40,000,000 for Frank Woolworth.

If you could save the nickels and dimes with as little thought  
as we spend them we would soon have a literal sum saved  
for emergencies, investments or business opportunities.  
The latent power stored in loose change becomes apparent  
only when accumulated in a reserve fund. That reserve is the  
difference between income and expenditure.

Protect your loose change in a "Lodi State" Savings Account,  
where it will earn 4% interest, compounded semi-annually it  
would be quickly lured from your pocket but not withdrawn from
